Quality report

Project progress bar

Brief explanation

- ▶ All the following information is the processed information gathered from the surveys we have been filling after the mobilities. Being 1 the lowest mark and 10 the maximum possible result.
- ▶ We have used google forms and other tools to achieve the outcomes on this report.
- ▶ For the results we have taken into account all the surveys of all participants in the respective mobilities, excluding the local or receiving partner.
- ▶ The Goal for every item is 7,5. This goal is the minimum amount of points a section should get for a good quality project.
- ▶ In the end, we have a graph showing the evolution of the outcomes the project should bring.
